David Hanson has met with officials with the DLGF to prepare our 2014 Budget. They have asked us to reduce our current budget for LR&S by \$5,014. I have prepared a resolution for this reduction. Mr. Eickhoff made the motion and Mr. Mosier seconded the motion. The Motion carried.

Our budget will be the same as the proposed 2013 budget. They will be published in the Indy Star twice prior to the adoption hearing.

I have had contact with the SSA for incorrect or incomplete information provided to them. I have forwarded to their office the information they have requested. I have received notice from the IRS that they have gotten the information I have sent them. We do not need to act; they will contact me in 60 days with their reply.

***Public Comments*** – None presented

***Public Works Report*** – Chris submitted another A.D.A. survey. Also spoke to David Kieser and will give us information at 9/24/2013 meeting. This is the current progress with the sign project. Concern voiced by resident in the 1400 block of Banta with a crack in the sidewalk, and also some tall weeds at the nearby property west of this home. We will watch and if needed report it to the city. Discussion also took place of some other reports of properties that need attention and Chief Ryan has spoken to some property owners to let them know they should improve the appearance of their homes.

***Special Projects Report*** – Fall newsletter is ready for print. Zach hopes to distribute them this weekend and will set up quarterly publication. Advertising agreement prepared for the newsletter and offered for Rex’s review. Zach has started the process in setting up our .gov website and will keep us posted in this process. Sean Greer will be the assistant technical point of contact for the .gov website in the information submitted for the .gov website.

We will not be able to have a dumpster for the yard waste as we have had provided by K.I.B. in the past so the council will not pursue a fall curb clean up at this time.
